UNIVERSITÀ DEGLI STUDI DI TORINO

Second-level Master’s Degree (Second level Continuing education program) in
INNOVAZIONE NELLE SCIENZE E TECNOLOGIE ALIMENTARI - Michele Ferrero
(INNOVATION IN FOOD SCIENCE AND TECHNOLOGY – Michele Ferrero)

ACADEMIC YEAR 2022/2023

CALL FOR APPLICATION

1. OUTLINE
The inter-University Second-level Master’s Degree in “Innovation in Food Science and Technology – Michele Ferrero” will be activated, for the academic year 2022/2023, by the Department of Agricultural, Forest and Food Sciences at the University of Turin and the Faculty of Agriculture, Food and Environmental Sciences at the “Università Cattolica del Sacro Cuore” – Piacenza Campus.

2. AIMS OF THE COURSE AND PROFESSIONAL PROFILE
This second-level postgraduate degree (Second level Continuing education program) aims to have training specialists with interdisciplinary scientific knowledge in the technological, nutritional, biological, and chemical fields that allows to contribute further to the production system of a food company, research and development in a laboratory or a consulting division, as well as to have a broad vision of the factors influencing new food products or their reformulation.

The academic background provided by the program will allow post-graduates to use their skills to manage, with an international and innovative approach, the research and development of new food products, with particular attention to product and process quality.

The 2022-2023 Master’s edition focuses on “NEW FOOD QUALITY MARKERS FOR THE THIRD MILLENNIUM FOOD SYSTEM”. A multidisciplinary approach and international perspective characterise the teaching activities.

The Master prepares a class of highly qualified professionals to pursue a career in different areas of the food industry, such as research and development, quality assurance, quality control, technical management, production management, management nutritional aspects and food regulation, food communication (corporate, media & press, promotional...).

3. COURSE STRUCTURE
The Master’s Degree takes one academic year. The programme is constituted by 60 European Credit Transfer System (ECTS), of which 40 are for lectures, seminars, webinars to crosslink different topics, laboratory sessions and/or case study groups, 18 are for industrial traineeship (under the strict supervision of academic and company mentors), and 2 for the Master’s thesis and final dissertation.

The subjects are organized into integrated courses as follows:

Largo Paolo Braccini, 2 – 10095 Grugliasco (TO) – www.masterferrero.unito.it
• Food System and Legislation – 5 ECTS
• Food Health and Food Choice – 7 ECTS
• Innovative Food Technologies – 5 ECTS
• Chemical and Microbiological Indexes for Quality and Safety of Food – 7 ECTS

Moreover, 16 ECTS (160 hours) are dedicated to develop a Business Case based on a challenge in the food system.

The program is fully held in English.

Course venue
Lectures will be held in Grugliasco at the School of Agricultural and Veterinary Sciences (SAMEV) of the University of Turin (Grugliasco campus), Largo Paolo Braccini, 2 (ex Via Leonardo da Vinci, 44) – 10095 Grugliasco (TO) (www.samev.unito.it).
Some teaching activities will be delivered online.

4. ATTENDANCE AND EXAMS
Attendance of lectures is mandatory and will be certified by the teachers. Participants who fail to attend 25% or more of the lessons will not receive the Master's Degree.
Participants obtain the University Credits by passing periodic examinations on the acquired competences of the integrated courses. The Master’s grading system complies with the Italian undergraduate regulation. The required minimum pass grade is 18/30 for each exam.
The Master's Degree in ”Innovation in Food Science and Technology” is awarded after a final examination on the overall skills acquired, taking into consideration the training activities and the discussion of the student’s dissertation. The evaluation of the final exam is expressed in a scale of 110.

In case of non-attendance, low advancement or reprehensible behaviour, the Scientific Committee of the Master may decide to exclude the participant from the course.

5. NUMBER OF PARTICIPANTS
The Master’s Degree is a limited entry course. The maximum number of participants is 12 (twelve), and the minimum number of participants needed to activate the Master’s Degree course is 8 (eight). A further position is reserved to non-EU citizen residing in Africa (specific entry requirements detailed in 6.4). A reserve of 4 (four) places is kept for auditor students.

6. ENTRY REQUIREMENTS
To access the second-level Master’s Degree course, candidates must hold an MSc academic degree (second cycle [master] degree, a postgraduate degree or 5-year/6-year postgraduate degree, laurea specialistica/magistrale), in accordance with the new Italian university system (pursuant to Ministerial Decree 509/99 or Ministerial Decree 270/04), or an equivalent qualification obtained abroad, in one of the following disciplines:
Candidates have also to possess specific knowledge in the topics listed in the Syllabus below, which will be assessed during the admission interview.

- **Human nutrition**: basics of food composition, nutrients and related needs. General knowledge of metabolism, dysmetabolism and energy balance. Physiopathological and basic clinical aspects of obesity and dysmetabolic diseases.

- **General and food microbiology**: basic knowledge on the role of the microorganisms in the food transformation and preservation.

- **Food technology**: basic knowledge on the unit operations in food processing and transformation of raw materials from plant and animal origin.

- **Food chemistry**: basic knowledge on the food chemistry and analytical techniques, considering also consumer protection.

For admission to the Master's course, a B2 level or higher of English language knowledge, in accordance with the Common European Framework of Reference for Languages (CEFR), is required.

- TOEFL internet based (at least 90 points)
- IELTS at least 6,5 (at least 5,5 in written production, oral production, listening comprehension and reading comprehension)
- Bachelor or Master diploma from a curriculum studied entirely in English as medium of instruction - only for programmes studied at recognized institutions in the following countries: all countries within the EU or Switzerland; Australia, Canada, New Zealand, USA; Antigua and Barbuda, Bahamas, Barbados, Dominica, Grenada, Jamaica, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Trinidad and Tobago, Belize, Guyana.

Alternative documentation for a B2 level of English or higher may be considered by the admissions committee on a case-by-case basis.

### 6.1. ADMISSION WITH RESERVE

Candidates who are currently graduating in Italy on the above-mentioned degree courses, may be admitted to attend the Master’s Degree course “with reserve” and, on pain of exclusion, they must give prompt notification of their degree by 30th April 2023.
6.2. **ADMISSION OF AUDITOR STUDENTS**

Participants who have the requisites for the Master’s Degree interested in further study of the subjects dealt with in the lectures, and wish to improve their professional preparation, may be admitted as auditor students (non-examination students) to participate in Master's Degree lectures. Auditor students will not be allowed to take part to the company training. At the end of the course, auditor students will receive a certificate of attendance signed by the Director of the Master’s Degree. In addition, the auditor students, as regulated by the Tax and Contribution Regulations of the University of Turin, will pay a tuition fee (as reported in section 9).

6.3. **ADMISSION OF FOREIGN STUDENTS**

For Italian or foreign students (EU citizen or non-EU citizen) holding a foreign academic qualification that has not been declared yet as equivalent to an Italian degree, and for the purposes of admission to the Master’s Degree, the Scientific Committee will evaluate the qualification and its eligibility, in compliance with applicable international agreements1.

6.4. **ADMISSION OF FOREIGN STUDENTS – RESERVED POSITION**

A reserved position is available for a foreign candidate with African citizenship (non-EU citizen residing in Africa). The specific motivations inspiring the creation of this additional position are related to the aim of fostering the economic and social empowerment and the growth entrepreneurship in Africa, in line with the general principle under which Mr. Michele Ferrero established his “Social Enterprises”. The achievement of emancipation in Africa also lies in the possibility of accessing equal levels of education and consequently achieving and guaranteeing equal levels of freedom.

To meet this objective, in addition to the admission requirements listed above, the selected candidate from Africa must express their willingness to return to their African city, to implement the knowledge.

7. **ADMISSION APPLICATION TO THE SELECTION**

The application, with the documentation listed below, must be submitted using the dedicated Google Form (available at the link [Google Form](Google Form)) and at the website [www.masterferrero.unito.it](www.masterferrero.unito.it) no later than 1 p.m. CEST on Friday 28th October 2022. The candidate will need a Gmail account to use Google Form.

The applications and documentation received after the above deadline will not be processed.

*In order to be admitted to the selection, candidates must submit the application form (Google Form) with all the requested documents in uploaded, as well as register on the UniTo portal for the online admission procedure. The two procedures are complementary; not complying with one of the two involves exclusion from the selection.*

---

1 Pursuant to article 6 – subsection 6 of Ministerial Decree 509/99 and subsequent amendments
ADMISSION WITH ITALIAN DEGREE

- Italian and foreign citizens (nationals of EU and non-EU countries) who have an academic qualification awarded in Italy must submit the following documents together with their application:
  - Copy of a valid ID card/passport, legible and duly signed.
  - Copy of the Italian fiscal code (codice fiscale).
  - Updated European Curriculum vitae, including details of all academic qualifications.
  - Self-certification of the university degree, including marks and ECTS assigned to each exam.
  - English language Proficiency Certificate – B2 First or higher (if available and mandatory before the matriculation). Alternative documentation for a B2 level of English or higher may be considered by the admissions committee on a case-by-case basis.
  - Letter of recommendation (if available).
  - Two minutes presentation video.
  - Any other title that the candidate intends to present (certificates, publications, etc.).

Applications may also be submitted by candidates, of all nationalities, about to graduate in Italy (application under condition). In this case, the admission to the program is conditional on the Candidate submitting, by 30th April 2023, a valid certification of the obtained degree. If this does not happen, the Candidate matriculation will automatically be nullified.

Applicants applying under condition to attain their Italian Master's Degree, must upload a self-certification including transcripts of records with grades, weighted average and credits related to their Master's Degree and their Bachelor's Degree.

ADMISSION WITH FOREIGN DEGREE – DETAILED INSTRUCTIONS AVAILABLE AT THIS LINK

- EU citizen or non-EU citizen who have an academic qualification awarded abroad must submit the following documents together with their application:
  1. Copy of a valid ID card/passport, legible and duly signed.
  2. Copy of the Italian fiscal code (if owned - “codice fiscale“, to be asked at the Italian Revenue Agency “Agenzia delle Entrate”).
  3. Updated European Curriculum vitae including details of all academic qualifications.
  4. Original/certified copy of foreign degree (postgraduate degree for 2nd level continuing education programs), provided with a certified translation into Italian (the translation into Italian is not required if the original document is issued in English, French or Spanish), and one of the following verification systems/certificates:
     - Statement of verification (“Attestato di verifica”) issued by the Italian ENIC-NARIC centre CIMEA;
     - Apostille/consular legalization (if required, depending on the foreign country where the document was issued);
     - Direct verification: as an alternative, it is possible to ask to foreign Institution/University to send the required documents to the International Students Desk directly to mastertitoloestero@unito.it by means of an official email address or an official certificate verification system adopted by the foreign HEI/University, so that the office can verify their authenticity. Please make sure
to ask to foreign HEI/Institution to include the “referente master”
daniela.ghirardello@unito.it in cc of the above email.

5. Original/certified copy of the degree program transcript of records (postgraduate degree), issued by the foreign Institution/University, including marks and ECTS assigned to each exam, provided with a certified translation into Italian (the translation into Italian is not required if the original document is issued in English, French or Spanish), and one of the following verification systems/certificates:
   - Apostille/consular legalization (if required, depending on the foreign country where the document was issued);
   - Direct verification: as an alternative, it is possible to ask to foreign Institution/University to send the required documents to the International Students Desk directly to mastertitoloestero@unito.it by means of an official email address or an official certificate verification system adopted by the foreign HEI/University, so that the office can verify their authenticity. Please make sure to ask to foreign HEI/Institution to include the “referente master” daniela.ghirardello@unito.it in cc of the above email;

6. If a Diploma Supplement in English is possessed, provided with apostille/consular legalization (if required) or Direct verification, this document may be presented as an alternative to both documents listed above [(4) postgraduate degree and (5) transcript of records).

7. Copy of undergraduate degree and copy of undergraduate degree program transcript of records (in order to better evaluate the academic background).

8. English language Proficiency Certificate – B2 First or higher (if available and mandatory before the matriculation). Alternative documentation for a B2 level of English or higher may be considered by the admissions committee on a case-by-case basis.

10. Two minutes presentation video.

11. Any other title that the candidate intends to present (certificates, publications, etc.).

The University of Turin reserves the right, at its sole discretion, to request further documents if necessary for evaluating your educational background.

**If not all the required documents** listed above are available, but the candidate holds a valid qualification to enrol in the Master’s Degree, an enrolled **under a provisional status** ("ammissione con riserva") will be carried out, and all missing documents will have to be submitted **within one month from the end of the course** (which is identified with the first session of the graduation exam).

**To verify the required academic qualifications for the enrolment, it is necessary to include at least the following ones (or as alternative the Diploma Supplement in English),** which will be sent by “referente master” to the International Students Desk:

- Original/certified copy of foreign degree (postgraduate degree for 2nd level continuing education programs), provided with a certified translation into Italian (the translation into Italian is not required if the original document is issued in English, French or Spanish), legalization (if required);
- Original/certified copy of the degree program transcript of records (postgraduate degree), issued by the foreign Institution/University, including marks and ECTS assigned to each exam, provided with a certified translation into Italian (the translation into Italian
is not required if the original document is issued in English, French or Spanish) and legalization (if required).

**Moreover, are required:**
For **non-EU candidates legally residing in Italy only:**
- photocopy of a valid residence permit.

For **non-EU candidates residing abroad only:**
- photocopy of the study visa issued by the competent Italian Embassy/Consulate once you have been deemed eligible for the enrolment at the chosen continuing education program at the University of Turin;
- photocopy of the application for the Italian residence permit.

If all missing documents within the deadlines are not provided, a certificate of attendance will be granted.

However, **the possession of the entry requirements is mandatory at the time of the application deadline.**

8. **SELECTION AND EVALUATION PROCEDURE, RANKING LISTS**
The Master is a Second level Continuing education program with a restricted number of places. **For the admission to the selections, it is MANDATORY also the online pre-enrolment** (Enrolment on Continuing education programs - Istruzioni per l’iscrizione ai Master).

In order to matriculate for the selection, candidates should:
- Be registered at the Portal of the University of Turin ([www.unito.it](http://www.unito.it)) and have the credentials (username and password) to access the MyUniTO (Login). If candidates have never studied at the University of Turin (UniTO), they must register as “Futuro studente” (prospective student), following the Portal registration instructions.
- Submit the application by filling in the [uniTO online model](http://www.unito.it). For the submission of the online application, candidates need to access the area MyUnito (selecting the item “Login” on the home page) and do authentication with credentials (username and password). Select the item “Iscrizioni”, which candidates can find in the upper left menu and afterwards the item “Test di ammissione” to go on with the online application form. During this phase, candidates are required to fill in the personal data inserted during registration phase. **A pre-matriculation number will be sent.**
Complete applications will be assessed taking into consideration the criteria listed below.

**EVALUATION CRITERIA**

<table>
<thead>
<tr>
<th>Assessment of qualifications (final grade and other qualifications)</th>
<th>Maximum score</th>
</tr>
</thead>
<tbody>
<tr>
<td>Final grade of Laurea/ second cycle degree (or list of examinations taken during the Laurea Triennale and Laurea Magistrale/ 1(^{st}) and 2(^{nd}) cycle degree for candidates applying under condition - Italian degree qualification): 110-110L/110 or average examination score 28.1-30/30: 14 points From 107 to 109/110 or average examination score 27.1-28.0/30: 12 points From 104 to 106/110 or average examination score 26.1-27.0/30: 10 points From 100 to 103/110 or average examination score 25.1-26.0/30: 8 points &lt; 25.0/30: 7 points</td>
<td>30 points</td>
</tr>
<tr>
<td>Others qualifications (e.g. other master degree, PhD, qualified training experiences, research scholarships, etc.)</td>

<td>3 points</td>
</tr>
<tr>
<td>Motivation (as resulting from the uploaded video)</td>
<td>10 points</td>
</tr>
</tbody>
</table>

**Personal Interview – Only the best 36 ranked students shall be eligible for personal interview**

**MAXIMUM TOTAL SCORE**

| MINIMUM THRESHOLD FOR ADMISSION TO THE MASTER | 100 POINTS |
| 80 POINTS |

After the assessment of the qualifications, a merit ranking will be drawn up and **the first 36 candidates will be invited to participate in a personal interview** for the final evaluation. **For the reserved position described in point 6.4, a separate ranking will be created, and all candidates will be invited to the interview.** The interview will be conducted in English and will be organized in a remote mode. The evaluation of the interview will assess the candidate’s potentials to enrol in the Master, including consistency between the candidate’s professional expectations and the goal of the Master course, as well as the match between the candidate’s previous knowledge (including the topics described in the Syllabus) and the content of the Master courses.

After the interview, the applicants will be ranked according to the score obtained during the selection process. **For the admission to the Master the candidates, up to a maximum of 12 plus 1, must achieve a minimum score of 80/100.** With the same score, candidates who have obtained the degree with the highest score will be preferred. The Master will not be activated if the number of candidates who satisfy this requirement is less than 8 (eight).

If there are requests for admission by auditors of more than 4 (four), at the discretion of the Master’s Degree Scientific Committee, a merit ranking will be calculated on the basis of the curriculum vitae, qualifications and any acquired professional experiences.

Candidates’ possession of European Credit Transfer System (ECTS), in addition to those required for admission, in disciplines compatible with those constituting the Master’s Degree training...
programme, may be evaluated and constitute a preferential element during the rating process, but will not give rise to automatic recognition of training credits.

- Confirmation that the selection will be held, and the relative timetable will be published on the Master’s website www.masterferrero.unito.it.
- The interviews will be starting on Monday, October 31, 2022. The candidates eligible for the personal interview will be convened also by email.
  - All communications concerning the admission procedure to the Master, with the exception of the exclusion, will give by publication on the Master's and University’s website. The aforementioned publication will have the value of notification to all intents and purposes.

Applicants will be admitted to the Master’s Degree Programmes according to the final ranking list. The ranking list will be published on the Master’s Degree website (www.masterferrero.unito.it) and on the University website at the area MyUniTO (Login). The publication will be valid as official communication to the interested parties and therefore, no personal communications will be sent.

**Candidates who do not include all the required information in the application will be excluded from the selection.**

**The simultaneous enrolment to the Master and other university study courses is allowed**.

**9. TUITION FEE**

The Master’s Degree tuition fee is **€ 5,000**. All the candidates admitted to the Master’s Degree (for the admission to the Master the candidates, up to a maximum of 12 plus 1, must achieve a minimum selection score of 80/100), enrolled to the course for the first time, **benefit from a study grant, generously provided by the “Fondazione Piera, Pietro e Giovanni Ferrero”, which covers the total programme’s tuition fees** (the Fondazione Ferrero will directly pay for the tuition fee).

For students admitted to the Master’s Degree as auditor, the tuition fee is **€ 1,000** (excluding ancillary University enrolment fee). The fee will be paid in a lump sum at the time of enrolment.

**10. ENROLMENT PROCEDURE**

The procedures to complete the enrolment will be communicated with the notification of the admission.

For the matriculation the Matriculation instructions shall be followed.

Students who are not holder of a study grant and fail to pay the fee by the start of lectures will be excluded from the Master’s Degree.
11. RENOUNCE
Participants of any grade, admitted to attend the Master’s Degree courses, who wish to renounce, will have to give a formal notification to the Director. To those who drop out of the Master’s course, any paid tuition fees will not be reimbursed.

12. SCHOLARSHIP AND AWARDS

Scholarships
The scholarships, as contribution to cover the cost of attendance, will be generously provided by the “Fondazione Piera, Pietro e Giovanni Ferrero”:

All the candidates admitted to the Master’s Degree (for the admission to the Master the candidates, up to a maximum of 12 plus 1, must achieve a minimum selection score of 80/100), enrolled to the course for the first time, will be entitled to a contribution for lecture attendance facilitation.
For Italian citizens and for EU and Non-EU citizens residing in Italy, the contribution will be € 8,000 (gross perceiver amount). For foreign citizens residing abroad, positively evaluated by the Scientific Committee, a maximum of five (5) grants with a value of € 13,000 (gross perceiver amount) will be available.

The contributions will be paid by DISAFA in three instalments, as specified below.

a. For the contributions of € 8,000, three instalments respectively of € 2,500 – 2,500 and 3,000.
b. For the contributions of € 13,000, three instalments respectively of € 4,000 – 4,000 and 5,000.
The first instalment will be paid after the completion of the enrolment.
The second instalment will be paid after the first trimester of course, only to students who have attended at least 75% of the lectures as reported in the timetable, and who have achieved positive mark for at least one examination.
The third instalment will be paid at the admission to final examination. For the admission to the final examination, students have to pass all four examinations (corresponding to four integrated courses – 24 ECTS) and have to complete the Business Case (16 ECTS) and the training period (450 hours – 18 ECTS). Admission to the final dissertation must necessarily take place within the academic year of Master’s activation.

If Italian and foreign citizens (EU and Non-EU citizens) who have an academic qualification awarded abroad do not possess all the documents required for the admission, will not take advantage of scholarship until their complete submission.

Awards
Moreover, the following awards will be generously provided by the “Fondazione Piera, Pietro e Giovanni Ferrero”:

a. One (1) prize with a value of € 10,000 for the student who obtain the best overall marks within the set course duration.
b. One (1) prize with a value of € 10,000 for the best final dissertation.
c. One (1) prize with a value of € 10,000 for the best Business Case study and presentation (the award will be provided to the group of students involved in the project).
The prizes listed a. and b. are not cumulative.
13. **TITLE ACHIEVEMENT**

To achieve the Master’s Degree, it is necessary to pass a final examination at the end of the course. Students have to individually write and present, in English, an original dissertation on a topic of the Master developed during the training, previously defined by the Scientific Committee of the Master.

In order to be admitted to the final examination, candidates should:

- having attended all lectures regularly
- having acquired all ECTS, including the ECTS of the business case and stage activities
- having submitted the application for the final examination

The final dissertation will be presented and discussed in front of a degree board, who express the evaluation on a scale of 110, assigning full marks with honours to meritorious candidates. The minimum score to pass the examination is 66/110.

The Master’s Degree will be awarded by the University of Turin. The degree certificate, edited in English, does not report the evaluation and will be consign by the Director of the Master.
