ACADEMIC YEAR 2020/2021

MERIT RANKING

The merit ranking, drawn up according to the descending order of the overall evaluations assigned to all the candidates who have taken part in the individual interview, is published. The final score, on a scale of 100, is rounded to the second decimal place. In order to guarantee the confidentiality of the data, the candidates are identified on the bases of the pre-matriculation number obtained at the on line pre-enrolment procedure.

The first 12 (twelve) candidates who have achieved a score equal to or higher than 80/100 are admitted to the Master. In case of renunciation(s) the subsequent positions will be considered, starting from the thirteenth to the eighteenth.
