For the identification procedures, bring a valid identity document and the receipt of the contribution provided for the admission test.

At the end of the identification procedures, each candidate will receive all the documents related to the test, whose integrity will be checked in advance by the Commission. The latter will provide all the necessary information for the test.

Affixing of a signature or any identifying sign on the envelope or on the test by the candidate will be considered a recognition signal and, consequently, will cause the cancellation of the test.

At the end of the test, the candidates will have to deliver to the Commission all the material received

#### **IT IS FORBIDDEN**

All electronic devices, such as smartphones, tablets, smartwatches, PDAs, calculators, notebooks, headsets and the like, are strictly prohibited. Those in possession, before the start of the test, will have to deposit them in special unattended spaces.

It is also forbidden to bring books, notes, manuals, periodical tables, newspapers, and etc.

#### **IT IS ALLOWED**

It is allowed to use a simple watch, in order to visualize how much time is left available to complete the test (duration: 120 minutes - 2 hours - maximum).

Of course, you can drink from the bottle of water or eat a snack, within the limits of decency.

Finally, we recall that during the test it is allowed to use only the black pen that will be delivered to you before starting the test.

You do not have to carry pencil, cases, and other types of pens, markers and whitebait.
